## **What's NEW?**

### **ELECTIONS**

It is that time of the year again when we elect the new Board of Directors for the year 2016-2017. Attached you will find the ballot, please cast your vote and email it back to [Contact@abqapics.org](mailto:Contact@abqapics.org)

### **EDUCATION**

We are currently running a Materials Planning of Resources (MPR) class as part of the CPIM certification series. The class started on 5/25.

The next class will be *Detailed Scheduling and Planning (DSP)*. Date TBD.

#### ***Detailed Scheduling and Planning***

Acquire a working knowledge of the tools and techniques for planning of inventory, including planning techniques such as MRP, CRP, lean, TOC, and projects. Understand the effect of using each technique; know standard measurements for inventory, materials, capacity and supplier performance; and recognize when to escalate issues. Topics include:

- Managing inventory, planning material requirements, planning capacity requirements, and procurement and supplier planning
- Recognizing the importance of supply chain management and deploying supply chain strategies related to scheduling, planning, and sourcing
- Translating product-level plans and schedules generated at the master planning level into requirements that can be procured or produced
- Bridging the master planning area with the execution and control function
- Planning, scheduling, resource allocation, and implementing projects that are used to manage the supply of products and services

To participate in any of these classes please email [Contact@abqapics.org](mailto:Contact@abqapics.org) or call 505-331-8205.
