APICS CSCP PROGRAM

CERTIFICATION ROAD MAP

The APICS Certified Supply Chain Professional (CSCP) is a professional development and certification program that brings the entire value chain into perspective by providing a truly end-to-end view of the global supply chain. Follow these steps and you are on your way to advancing your supply chain management career with the premier APICS CSCP designation.

1 Find out if the APICS CSCP program meets your education and training needs.

Visit apics.org/cscp for more information on the program.

2 Determine if you are eligible for the APICS CSCP certification exam.

CSCP approved candidates must meet ONE of the following eligibility requirements:

- 3 years of related business experience OR
- Bachelor's degree or international equivalent OR
- Hold an active CPIM, CFPIM, CIRM, SCOR-P, CPM, CSM or CPSM credential.

3 Choose the APICS CSCP Learning System to prepare for the certification exam.

Developed by subject-matter experts, the APICS CSCP Learning System is a comprehensive resource that combines print materials with interactive web-based study tools and covers the entire APICS CSCP Exam Content Manual.

Learn more about the APICS CSCP Learning System at learncscp.com.

4 Determine if an instructor-led course is right for you.

Contact Sue Franks, CFPIM, CSCP, Chapter Director of Marketing, to learn more.

s.franks@comcast.net

5 Register for the APICS CSCP certification exam.

To earn your APICS CSCP designation, you must pass one comprehensive exam. Select a testing location and complete an eligibility application. Eligibility applications must be received two weeks prior to the day you register for the exam.

6 Take the APICS CSCP certification exam and make an impact with your CSCP knowledge.

APICS CSCP Instructor Led Course starting Oct. 10 in Albuquerque

APICS CERTIFIED SUPPLY CHAIN PROFESSIONAL (CSCP) LEARNING SYSTEM

The APICS CSCP Learning System is a professional development and certification exam preparation tool. Based on the current APICS CSCP *Exam Content Manual*, this comprehensive training program combines print materials with interactive web-based study tools to provide a customized learning experience.

Print Materials

- Three modules covered in five books with approximately 1,100 pages of content.
- Progress check questions at the end of each section.
- Organized information from more than 150 references

- 1 Fundamentals of Supply Chain Management
- 2 Supply Chain Strategy, Design, and Compliance
- 3 Implementation and Operations

"I would definitely encourage others to take the APICS CSCP courses in order to develop and enhance their skills, to create and execute a global supply chain management strategy that meets customer needs, to reduce cost, and to increase profits. The knowledge is yours. Use it, share it."

Rosemary Cheung, CSCP, Global Key Accounts Supply Optimizing Manager for North East Asia Shell Hong Kong Limited

Interactive Web-based Study Tools

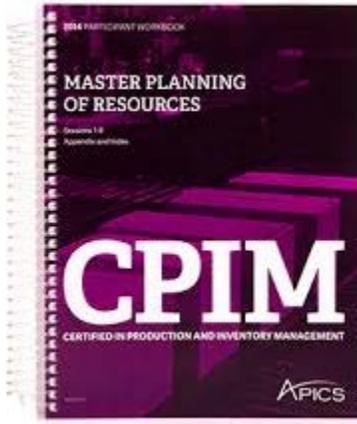

- Smart-Study™ Tool helps you prepare a customized plan to optimize your studies
- Pretest to determine knowledge level and prepare a study plan
- Module and section-specific tests offer immediate feedback answer rationales and reference to the relevant sections in the text
- More than 1,100 practice questions
- A timed posttest to determine progress
- **NEW!** Practice Exam consists of retired CSCP exam questions to help users gain comfort and experience with the format and functionality of the computer-based CSCP exam.
- Reports track progress and document the learning gain
- E-flashcards to test knowledge of relevant industry terms
- A web-based glossary
- Access to the Resource Center offering test-taking tips, feedback feature, and links to valuable resources
- Complimentary download of the most current APICS CSCP *Exam Content Manual* through the Resource Center
- Mobile access to study tools and resources on iPad, iPhone, or Android

INTERESTED?: APICS Albuquerque will be holding this course over 6 Saturdays, from 8:30 am until 4:00 pm, beginning October 10, 2015. There will be one Saturday off as a break during the course (no class October 31).

Course Pricing: Members – \$1795.00 Non-Members – \$1995.00

FOR MORE INFORMATION: Please contact Sue Franks, CFPIM, CSCP, Chapter Director of Marketing, at s.franks@comcast.net.

The APICS Certified in Production and Inventory Management (CPIM) program provides you with the ability to understand and evaluate production and inventory activities within a company's global operations.

An APICS CPIM designation will help you:

- Increase your functional knowledge of production and inventory management
- Maximize ROI on the systems and technologies within your organization
- Master the tools you need to effectively manage global supply chain activities
- Gain knowledge to apply principles ERP software to cover various critical functions within your organization
- Earn customer satisfaction by delivering Lean/Just-in-Time products and services
- Enhance your credibility within your organization
- Create consistency and foster collaboration through best practices, common terminology, and corporate-wide communication.

CPIM Master Planning of Resources will be starting soon.

Explore and be able to apply the principles of demand management, sales and operations planning, master scheduling, and distribution planning, and to identify conditions that require action. This module evaluates knowledge of both supply and demand planning for mid- to long-term independent demand. Topics include:

- Recognizing all demands for goods and services to support the marketplace
- Bringing together all the plans for the business
- Disaggregating the production plan into an executable schedule
- Planning the distribution network and replenishment

To register please contact Jim Constand at jim_constand@msn.com or (505 280-9514).
