Rachel and Nancy Langley above taste testing. Red Rock Roasters was founded in 1993 in their family's converted barn. For twenty years, they have sought to provide the freshest, highest-quality specialty coffee and select allied products to all their customers. They work hard to roast the best green coffees on the market by hand with care and professionalism, and coffee roasting is a craft we take seriously. We've seen a lot of trends come and go in specialty coffee, but our customers have always looked to Red Rock Roasters for simple quality, unpretentious know-how, distinctive blends, and honest, reliable customer service.

## EDUCATION

If you are interested in picking up your CPIM certification education, we will start a Detailed Scheduling and Planning (DSP) class in February 2017. Please send an email to [contact@abqapics.org](mailto:contact@abqapics.org) or call 505-331-8205

### *Detailed Scheduling and Planning*

Acquire a working knowledge of the tools and techniques for planning of inventory, including planning techniques such as MRP, CRP, lean, TOC, and projects. Understand the effect of using each technique; know standard measurements for inventory, materials, capacity and supplier performance; and recognize when to escalate issues. Topics include:

- Managing inventory, planning material requirements, planning capacity requirements, and procurement and supplier planning
- Recognizing the importance of supply chain management and deploying supply chain strategies related to scheduling, planning, and sourcing
- Translating product-level plans and schedules generated at the master planning level into requirements that can be procured or produced
- Bridging the master planning area with the execution and control function
- Planning, scheduling, resource allocation, and implementing projects that are used to manage the supply of products and services 2017
