EDUCATION

If you are interested in obtaining your CPIM certification education, please send an email to contact@abqapics.org or call 505-331-8205. We have classes beginning March 5, 2018 with the new CPIM I.

Basics of Supply Chain Management - The basic concepts in managing the complete flow of materials in a supply chain from suppliers to customers are covered in the Basics module. Supply chain concepts are introduced and basic terminology emphasized, as are relationships among activities in the supply chain. Knowledge of the material in this module is assumed as a prerequisite for the other APICS CPIM modules, which cover similar topics but in a much greater depth.

Cost for CPIM I is \$2000 for APICS members and \$2220 for non-members

APICS CPIM provides

- Increased efficiency across organizational operations
- Understanding of production and inventory activities within the internal operations of a company
- In-depth view of materials management, master scheduling, production planning, forecasting, and quality improvement within the confines of the operation.
