

The Association for Supply Chain Management (ASCM) is the global leader in supply chain organizational transformation, innovation and leadership.

**In Collaboration with ASCM San Diego Virtual PDM
Tuesday, May 17th 12:00-1:15 pm (PDT)**

The Greenhouse Gas (GHG) Protocol

*The Answer to a Monumental Challenge for Supply Chain
Management Professionals*

What is the climate impact of your business? How big is your organization's carbon footprint? How can you reduce emissions from your operations? Understanding your GHG footprint is the key first step on your climate leadership journey.

Attend this online webinar for an overview of corporate GHG accounting focusing on the direct GHG emissions attributable to an individual enterprise's operations and GHG emissions related to purchased energy from suppliers.

SCOR - A Way to Fix Underperforming or Broken Supply Chains

Online Webinar

Tuesday, May 24, 6:00 - 7:15 pm PDT

This online webinar will give you an overview of the Supply Chain Operations Reference (SCOR) framework and how our speakers have successfully used it in their consulting approach.

Another benefit of using SCOR is that you can benchmark your supply chain with the best-in-class organizations.
